

Our Team

RJ SRIDHAR
Associate Director, Deputy Head
(South Asia)

RJ Sridhar joined JAFCO Asia in 2007 and is currently Associate Director, Deputy Head of South Asia, and leads investment activities in India. He has over 10 years of experience spanning technology development, engineering, research and investment banking. He currently serves on the Boards of Apnapaisa, Si2 Microsystems, Vignani, Microqual, Mistral and Tessolve.

Prior to JAFCO Asia, RJ worked in the Equity Research division of Morgan Stanley, New York, where he covered the U.S. Communications Equipment sector, including companies such as Cisco Systems and Motorola. He provided investment recommendations to institutional investors and hedge funds and also helped take multiple venture funded companies public.

Prior to Wall Street, RJ worked in Silicon Valley and Boston, primarily in engineering and technical management roles, with companies such as Nokia and Sycamore Networks. He began his professional career in 1999 as a test development engineer with Nortel Networks. RJ has a B.E in Electronics & Communications Engineering from Madras University, a Masters degree in Electrical Engineering from The Ohio State University, and an MBA from Duke University.
